

DORNER[®] INTELLIGENT MOTION CONVEYOR SOLUTIONS

By Columbus McKinnon

At Dorner, our mission is to be the leader in Intelligent Motion by Transforming Conveyor Automation with cutting-edge solutions and best-in-class support. It's that commitment and our history of proven excellence that has made the Dorner Brand a recognized leader in precision conveyors for over 50 years. With our complete line of customizable stainless steel and aluminum conveyor automation systems, we have the right solution for you!

Industrial & Automation

Industrial conveyors are ideal for any material handling application, including e-commerce, injection molding, automated & manual assembly, and metal working.

Flexible Chain

FlexMove is ideal for any application that requires maneuverability in product movement, such as buffering, packaging, warehousing, and accumulation.

Pallet Systems

Pallet conveyors enhance smooth product motion and throughput and are ideal for medical device assembly, electronics, life sciences, consumer goods, appliances, and automotive parts manufacturing.

Sanitary Stainless Steel

Sanitary conveyors meet the levels needed for product safety. Applications include baking, pharmaceuticals, raw meats, dairy, RTE, and all other types of food & beverage processing.

Offering Precision Conveyors for Nearly 60 Years

2200/2700 Series

Dorner's signature low-profile conveyor series offers a sleek, powerful conveyor solution for a wide variety of industrial applications.

- Width: 44-914 mm
- Length: 457-7315 mm
- Load: Up to 68 kg
- Belt speed: 122 mpm
- Light-weight aluminum frame

FlexMove

Our FlexMove conveyors are the industry's most flexible conveyance option, capable of multiple curves and inclines on the same line.

- Width: 45-260 mm
- Length: 0.6-30 m
- Load: Up to 272 kg
- Belt speed: 76 mpm
- Easily customizable

AquaGard & AquaPruf

The sanitary stainless steel AquaGard and AquaPruf conveyors offer precision product transportation and quick, easy cleaning features.

AquaGard

- Width: 70-914 mm
- Load: Up to 22.7 kg
- Wipe-down

AquaPruf

- Width: 152-1524 mm
- Load: Up to 98 kg/m²
- High-pressure washdown

Pallet Systems

Dorner's pallet systems combine the flexibility and small footprint of our low-profile conveyors with pallets for gentle product handling and accuracy.

- Range of pallet sizes
- Accurate within ± 0.5 repeatability
- Loads up to 9 kg/pallet
- Modular design
- Cleanroom rated options
